An album of passion. . . that is just yours

JustYours.com

This album gives posing ideas,
that work well as Comic Book art.

Do's and don'ts

Pick a pose or two, then get
a friend to take your picture.

Don't take a selfie, the camera is too close
and distorts faces. Don't use a flash.

Take a few pictures, and send 3 or 4.
This lets me choose the best pose
for your work of art.

Keep in mind JustYours.com is **Just ME**, one artist.
Any questions or to chat before starting anything,
call or email – I love talking Art!
